High security door mechanism

Liquid diversion system to prevent damages of coinage

Model

CIC 204

Selections

4

Capacities:

Standard

180 products

Maximum

204 products

Dimensions and weights:

H x W x D

1830 (1975*) x 860 x 800 mm

Weight

312 kg

Performance data:

Refrigeration

0,400 kW

Cooling performance

-23°C at + 35°C ambient
temperature

Refrigerant

R 404

Power supply

230 V / 50 Hz

Max. power consumption

1300 W

Control

Executive; MDB

Cabinet

Zinc coated steel,
powder painted

Standard:

White cabinet

Liquid diversion coin chute

Loading rack

Two-line LCD display

Neutral front poster

Lock

Options:

Cabinet colour on request
